FORESTS ORDINANCE.

Proclamation No. of 1946, by the High Commissioner, under section 3.

IN EXERCISE of the powers vested in me by section 3 of the Forests Ordinance, I, Lieutenant General Sir Alan Gordon Cunningham, K.C.B., D.S.O., M.C., High Commissioner for Palestine, do hereby proclaim the State Domain land described in the schedule hereto to be a Forest Reserve under the control and management of the Government.

SCHEDULE.

Serial No. 440

Name of Reserve:- Hable

Situation :- Tulkara S/D, within the village boundaries of Hable.

Description of the State Domain Land:-

Block No.	Parcel No.	Area in met.dunams	State Domain No.

Forest reserve Total of 509.375

Minutes
of the State Domain Inspection Committee
dealing with State Domain in Habla Village,
Tulkarm Sub-District, on September, 23rd,
1942, at Tulkarm.

The Committee proceeded to Habla village and inspected the land concerned, which falls into two parts Block 7638 to the South, and Blocks 7628 and 7629 to the North of the village.

2.B Block 7638 consists of a low hill from which all vegetation has been removed, some soil remains, but there is much rock outcrop. Patches have been cultivated. The Committee recommends that the whole Block should be allocated to the Conservator of Forests for declaration as a Forest Reserve, to be used, if possible, as a village Forest.

3. Blocks 7628 and 7629 consist of a series of low hills almost cleared of vegetation except for several large carob trees. The hills are eroded and rocky but a certain amount of soil remains in the small valleys and hollows which have been illegally cultivated. As the cultivated lands of the village are mostly in the hands of landowners who farm w them out to the villagers on a "sharecropping" system, there is a great demand that parcels of land from these blocks should be leased or sold. The Committee recommends that the two blocks should be allocated to the Conservator of Forests, who should select 200 dunums of land to be sold in small plots (say 10 dunams) on special conditions of terracing and walling (as in the case of Shefa 'Amr). The agricultural value is reckoned as £.4 per dunam, and the Committee recommends sale at half agricultural value. The remainder of the State Domain should be declared a Forest Reserve and managed in conjunction with the adjacent blocks which form part of Azzun Forest Reserve No.44.

Chairman (Sgd) E.R. Reeves

Member (Sgd) G.N. Sale
Conservator of Forests.

Member (Sgd) T.A. Nasr
Representing D.L.S.

72	Shuweika (D.1)

All parcels described in this schedule were adjudicated to Government in Case No.1/Habla.

In his Judgment the Settlement Officer stated inter alia (quoting from judgment). The land consists entirely of hills with narrow valleys. It is obviously not of the category miri. Very occasionally there are small patches of cultivable land in the narrow wadies. Nobody lives on the land and there cannot be a question of possession as in ordinary miri land. The land is not village matruka as no evidence of such has been produced. There remains the category of Mewat and the land satisfies all the requirement of Mewat with the exception that it is not situated at more than one and a half miles from the nearest inhabited village. The Settlement Officer further added that it is in the power of any claimant to approach Government with a view to purchase any parcel or part of a parcel which might be wholly or largely cultivable. On appeal the judgment was returned on technical grounds to the Settlement Officer for rehearing. He came to the same conclusion and re-affirmed his previous decision which was not appealed.

2. On 27.9.1940, 23 persons submitted a petition to the Director of Land Settlement and to the Director of Agriculture and Fisheries, in which they reiterate what was recited in the judgment of the Settlement Officer, and gave reasons for not appealing against the second judgment. They applied for the grant to them of blocks 7628 and 7629 on payment of Badl el Misl. The petitioners further pointed out that they are more than 100 persons and have no land from which to secure their livelihood.

3. The petitioners were informed by the Director of Land Settlement that their application will be considered by the special Committee and they will be informed of the result in due course.

4. Other correspondence dealing with this subject :

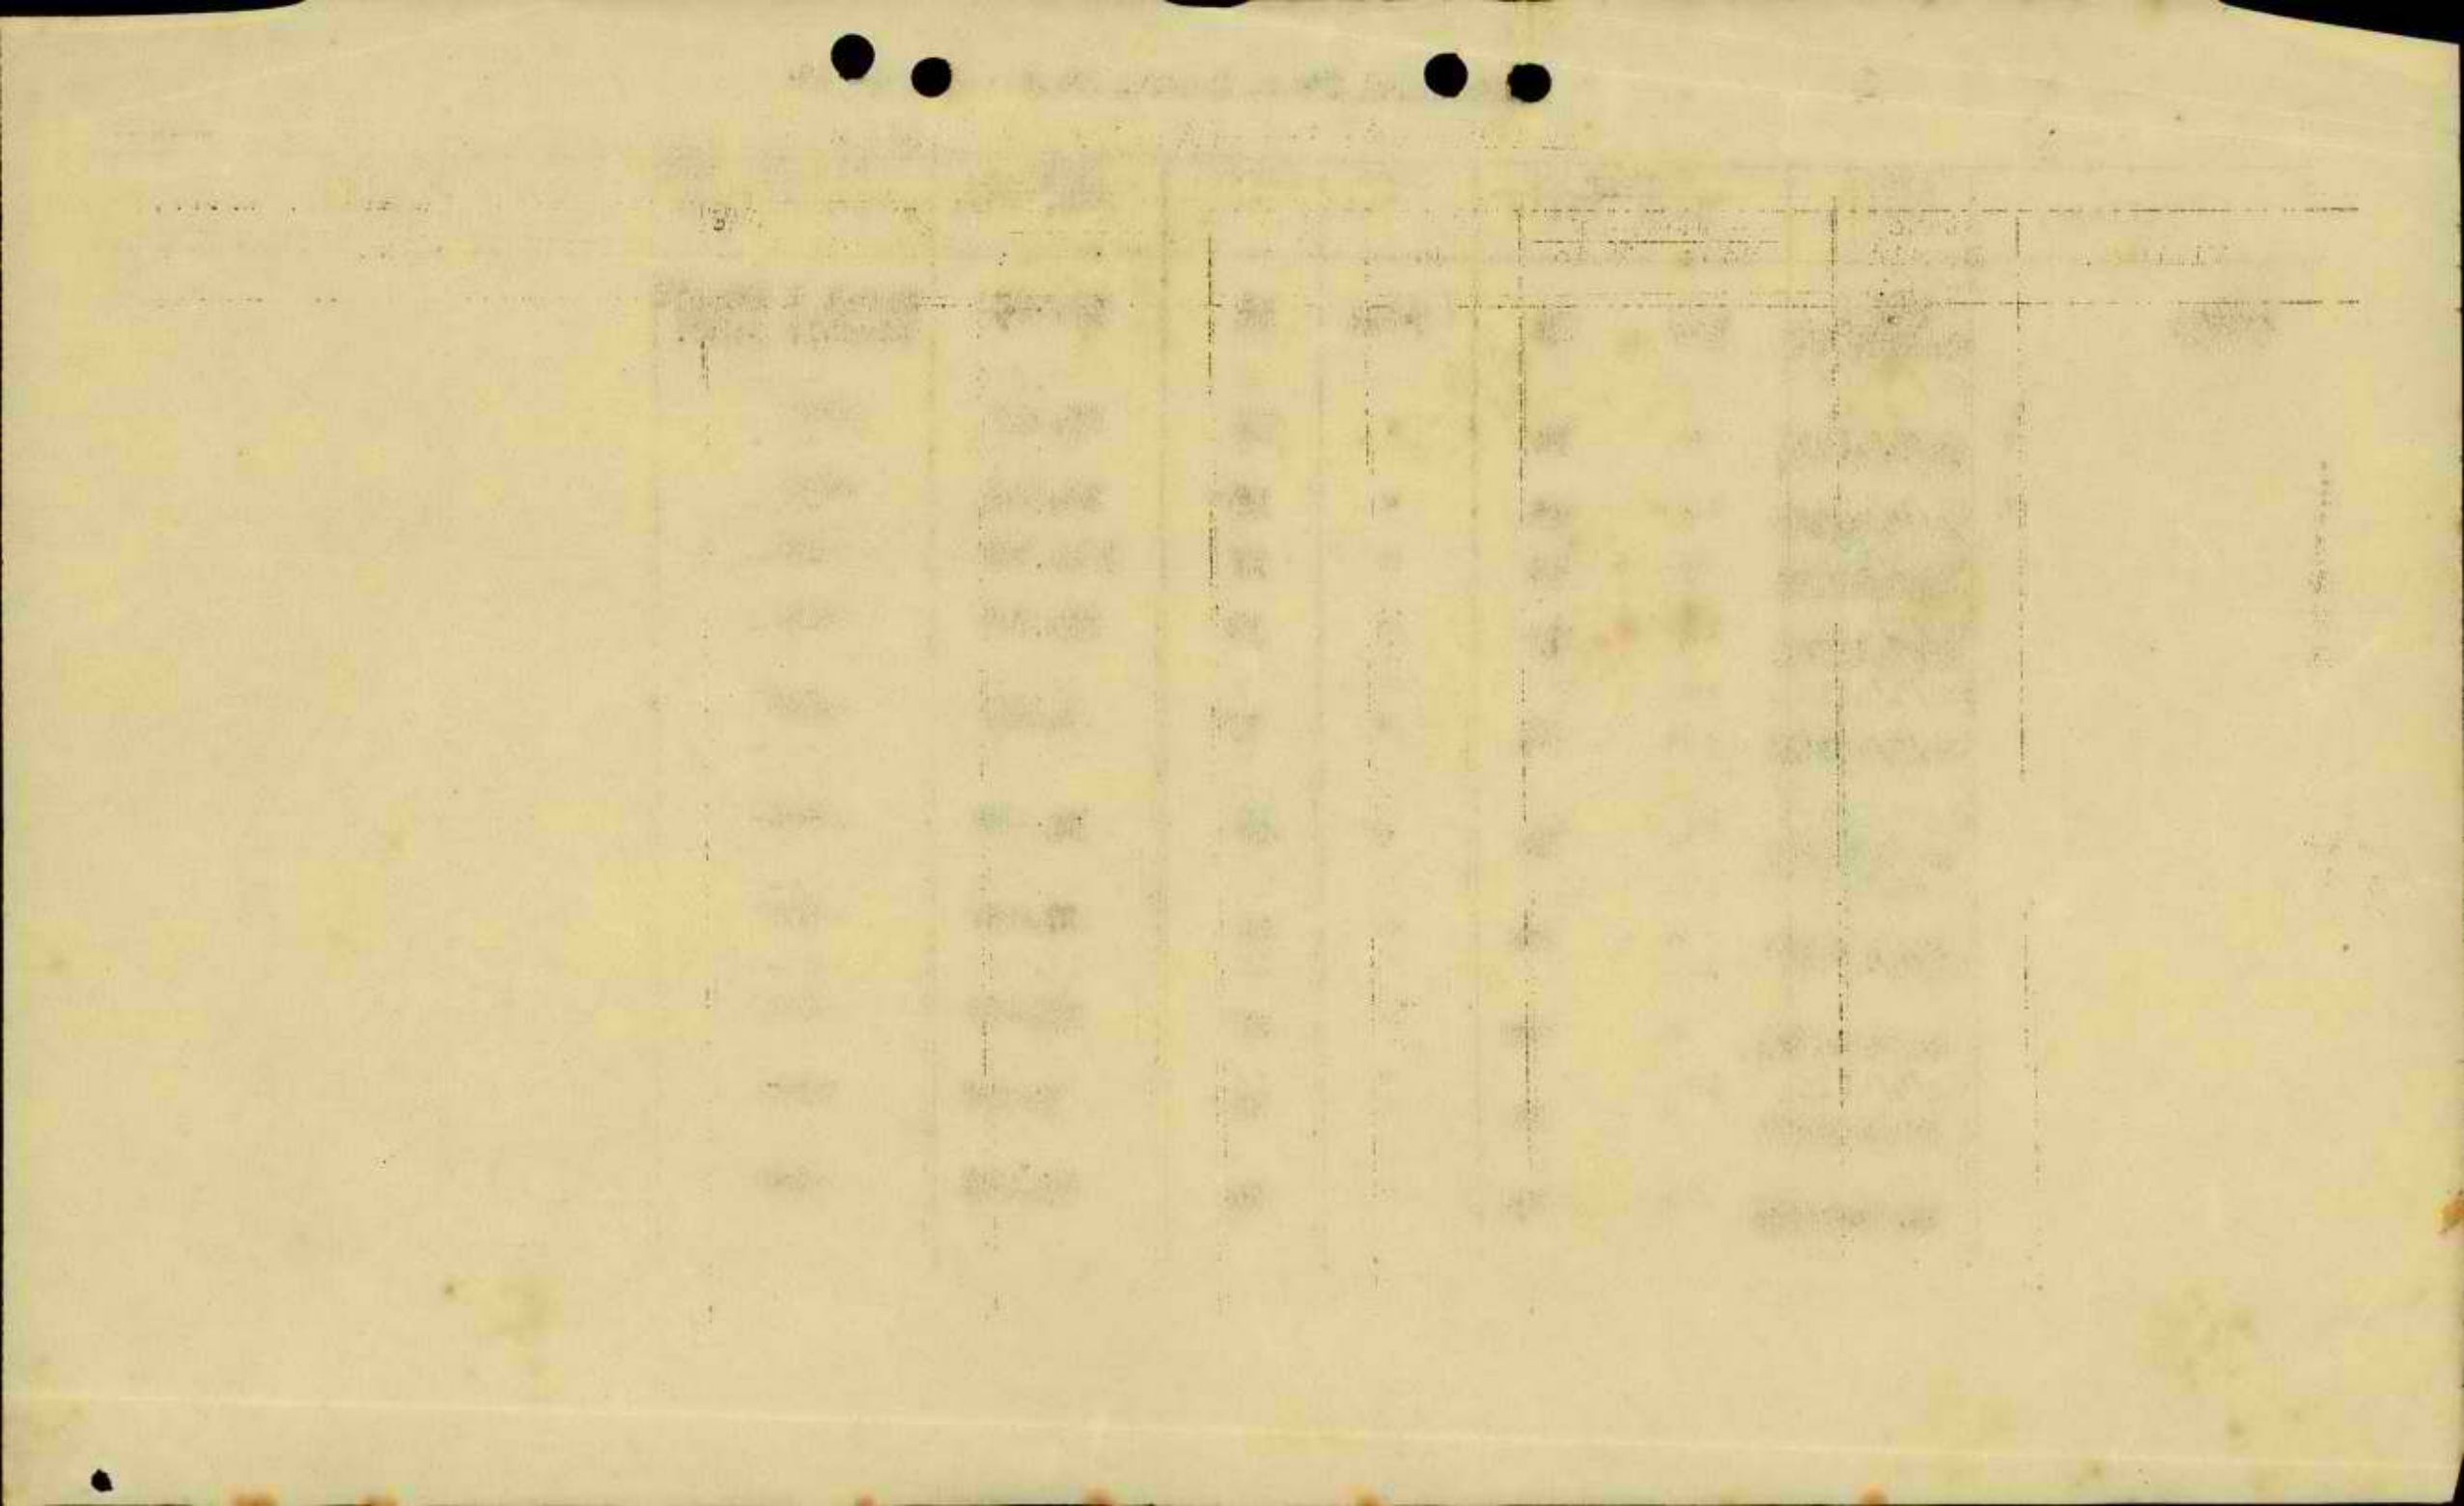

- (1) Letter No.787 of 23.1.1941 from District Commissioner, Samaria to Conservator of Forests.
- (2) Letter No.F/8/A/18 of 11.2.1941, from the Conservator of Forests to Director of Land Settlement with copies to District Commissioner, Samaria, and Assistant Conservator of Forests, Northern District.
